**Here are a few things that you should know:**

➤ **Summertime is the best time for SAT and ACT Prep!**

*Use the summer months to prepare for standardized tests without the burden of daily schoolwork. Move ahead of the crowd, and gain a competitive advantage!*

➤ **For students entering the 11<sup>th</sup> grade next fall:**

*Do not wait until the spring of your 11<sup>th</sup> grade year to begin your SAT and ACT preparation. Instead, start this summer, so you can focus on grade point average, final exams, AP tests, and Subject Tests during your most busy spring semester.*

➤ **For students entering the 12<sup>th</sup> grade next fall:**

*You must not wait until the fall semester to begin your SAT and ACT prep. By then, it is too late. Start now . . . You have no time to lose!*

➤ **Beware of advice from those who are *not* SAT or ACT experts!**

*Although they may be well-intentioned, most people (including counselors and teachers) will give you the wrong test-taking advice nearly every time!*

➤ **Instead, call for your free, no-obligation assessment.**

*I will be happy to analyze your individual needs and, based upon my twenty-five years of SAT and ACT test preparation experience, give you my expert guidance . . . free of charge.*

➤ **Call now to find out how you can get your free coursework material!**

*For a limited time only, A-ACADEMICS is offering its SAT\* *MAGIC*<sub>2nd edition</sub> coursework binder (an \$80.00 value) absolutely free to new students.*
